

Ruined Atoll

- [Page 33](#)
- [Page 34](#)

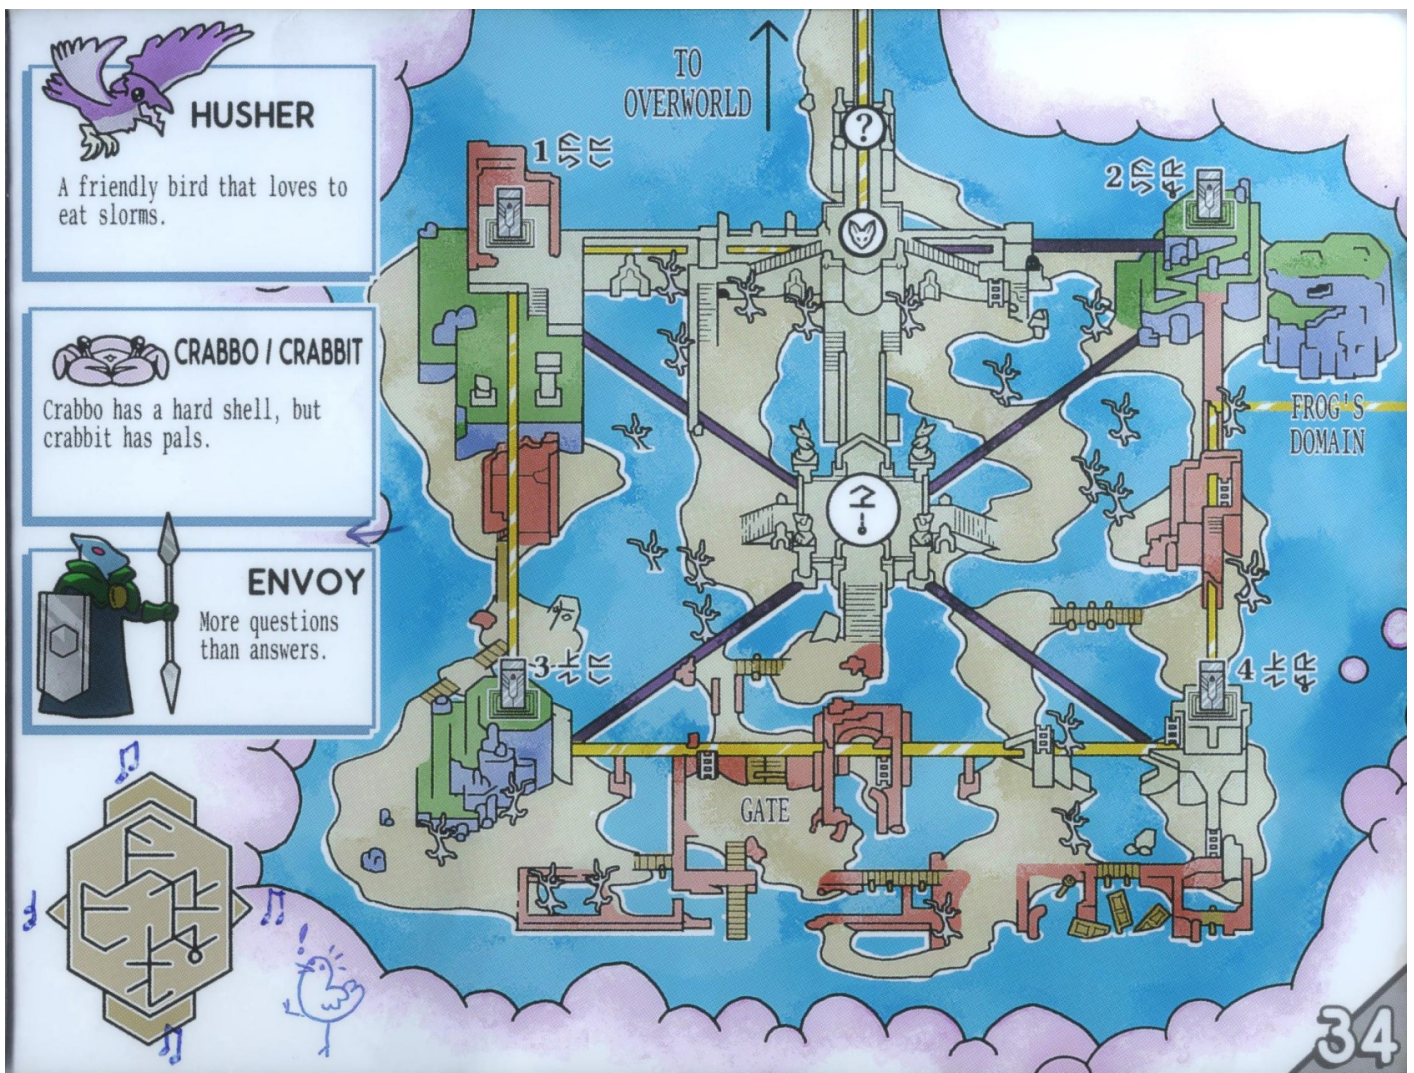

Under the library is the skeleton of a great abbey that served as its annex.

Once, some others made this their home, and built on the ruins.

Only flora and fauna live here now, but the frogs may be on patrol...

Summoning the library path means venerating to the 4 corners, so take a knee!

Page 34

The monuments are marked with the compass directions:

1. NW
2. NE
3. SW
4. SE

These compass in the bottom left indicates the cardinal compass directions (NSEW)

The central point is marked "Up"
